- SQL/noSQL

🎓 Education

General Assembly, 2022-2023

Software Engineering Immersive

Duquesne University, 2012

Bachelor of Arts
Modern Languages | English Literature

👤 About Me

I am a newly qualified Software Engineer from General Assembly's Software Engineering Immersive where I built full-stack web applications. With 7 years experience in project management and teaching, I was able to apply my ability to learn new technologies, design efficient workflows, and implement creative problem-solving in a fast-paced environment. I am looking for a role developing web-based applications.

💼 Relevant Work Experience

Software Engineering Apprentice
November 2022- February 2023

General Assembly Bootcamp

Completed a 420-hour Software Engineering Immersive bootcamp learning full-stack development.
- **Project 1:** Designed and created a crawler game using vanilla Javascript, Canvas, HTML and CSS demonstrating basic principles in action.
- **Project 2:** Designed a personal project management tool using Express, Node.js, SQL, and Bootstrap to integrate databases and front-end frameworks.
- **Project 3:** Working with a team, we created a food delivery app using React, Express, and MongoDB to practice user authentication and Git workflows.
- **Project 4:** Designed and programmed a full-stack MERN web application complete with user authentication. Features include payments via Stripe, and browsing movies for rental.

Systems Trainer (contract)
Administrative Support (contract)

May 2019 - September 2019

Ministry for Primary Industries, New Zealand

Trained government employees in the use of a fit-for-purpose software built from Salesforce.
- Learned and implemented new software systems to prepare for training seminars.
- Refined data for migration, and assisted in data migration.

March 2015-October 2016

Points of Light, New York, NY

Responsible for grant disbursement, building marketing content, and analyzing incoming data for strategic planning in a national nonprofit dedicated to youth activism.
- Managed 7 campaign cycles by building marketing campaigns and analyzing data for strategic planning.
- Tracked, coordinated, and reported on the implementation of more than 200 grantees volunteer projects.
- Created the marketing plan, content for webpages, and maintenance of website for all program areas.

🗂 Work Experience

Project Coordinator

November 2013 - April 2015

Iva Kaufman Associates, New York, NY,

Coordinated the projects of a boutique agency dedicated to finding funding for environmental projects, social entrepreneurs, and the arts.
- Organized projects, contracts, and set funding goals.
- Coordinated newsletter marketing and fundraising campaigns.
- Solicited small to medium sized business with a focus on sustainability for the non-profit, American Sustainable Business Council (ASBC) to: recruit new members, promote community events, and provide marketing support for political advocacy campaigns.

Content Manager

January 2014 - March 2015

TheBarnYardGroup, Stamford, CT

Organized marketing plans, created content, and collaborated with thought-leaders in education and women's economic empowerment to promote events.
- Wrote press releases, proposals, reports and case histories.
- Monitored program budgets and costs to create the most effective campaigns for each client.
- Collaborated with team members to provide social media outreach for multiple campaigns while branding social good initiatives.
- Worked on campaigns for foodtweeks (social impact app), PowerShift 2014 (Women and Finance Forum), S.H.E. Summit (Women's Leadership Conference), The New York International School.

🗂 Teaching Experience

Homeroom Teacher, Kindergarten

June 2021 - July 2022

Hillside Collegiate Jr., Busan, South Korea

Taught homeroom in an international school based on Common Core standards.
- Designed and executed lessons for six and seven year old learners with a hands-on approach to both social and educational materials.
- Created a variety of teaching materials to accommodate different learning styles.
- Provided extensive individual feedback for student evaluation.
- Prepared extra-curricular activities and monitored field trips for students.

English as a Foreign Language Teacher

June 2018 - November 2018

VUS, Hanoi, Vietnam

Led learners from age 6 to adult in classroom activities to promote language learning.
- Created learning materials and lesson plans based on age group and learning style.
- Conducted placement tests for incoming students and implemented testing for class progress and evaluation.

English as a Foreign Language Teacher

November 2016 - April 2018

Viewhigh Language Institute, Geoje, South Korea

Conducted lessons encompassing a range of skill building activities in the four areas of language learning: Speaking, Writing, Reading, and Listening.
- Delivered engaging and informative lessons on English grammar, spelling, vocabulary, and pronunciation
- Carefully selected and organized course materials for each group of students.
- Continually explore and incorporate new teaching methods, strategies, and activities.
